SE Regional Championship Race

Thanks to everyone that came to the Southeastern Regional Championship Extreme Cowboy Race at the Chicopee Woods Agri Center in Gainesville, GA. The turnout was awesome! We had a great clinic with Annie Chance on Friday, then she and Diane McMurtrey judged the race on Saturday. Thanks to John Glonek for announcing the race and keeping everything running smoothly. The courses were fast, technical and fun! Complete results are in the newsletter and on the website.

Thank you so much to all the volunteers that make our events happen – We absolutely cannot do it without all of you! **Special thanks to Joe Holloway, Dennis and Mariette Tipton, Gloria Syfan and Jamie Caldwell for all your work in hosting this event!**

HORSE ANATOMY 101

All riders and horse owners should be familiar with their horse's anatomy. They should know the proper names and where each part is located. Not only is this helpful when evaluating a horse, but it's essential when communicating with your vet and trainer.

From head to hoof, your horse has various parts that you should be familiar with. It's important you take the time to memorize them. Use this drawing as a guide! Once you feel confident, ask a friend to test your knowledge on a real life horse. They can point to the various parts and you should be able to name them.

You'll want to know your horse's anatomy so that you can better communicate with other professionals in the industry. This is especially helpful if your horse experiences an injury. When speaking to the vet, you'll want to tell them the exact part of the body that was hurt. For example- instead of simply saying my horse's leg was injured, you can specify that they have a wound on their stifle. The vet will have a better idea of what to expect.
