Racing was Hot in Georgia!

August Race in GA

The Georgia State Championships Extreme Cowboy Race was held August 11th at the Chicopee Wood Agriculture Center in Gainesville, GA. We had a great clinic with Johnie Clem on Friday, then he judged the race on Saturday. Even though we were in a covered arena, Mother Nature was very kind and supplied cooler (than usual) weather for us.

Thanks to Dennis Tipton and Joe Holloway for putting this race together for us, it is always a great time!

I'll start with good news. On August 2, 2018 Ace and I logged the last couple hours we needed to reach 3,000 hours in the Appaloosa Saddle Log program. It's been a long time coming and this is a goal I am thrilled we reached. We continue to optimistically log hours toward the 4,000 hour Award.

Please read this story for the informational value. I hope by sharing it will help someone understand there may be issues affecting your horse's health, performance or attitude you cannot see or touch.

Some of you know I've been challenged to resolve health issues for Ace I just never saw coming. We noticed early in working with him he had a Dr. Jeckyl/Mr. Hyde personality. Some other symptoms were sweating when other horses were not, unexplained tenderness in parts of his body that massage and chiropractic only temporarily relieved, over-reacting to stimuli, having temper tantrums, refusing to move forward - even to walk and occasionally bucking for no apparent reason.

In August 2015 I submitted a hair sample to <u>www.DePaoloEquineConcepts.com</u>. I indicated on the informational form I thought Ace was in "general good health" and submitted the sample to "ensure we were on the right track nutritionally." When we received the report a couple weeks later Clarence and I were completely stunned.

The test showed he was: Deficient in Magnesium, Manganese, Phosphorous, Iron & Cobalt. Normal in Calcium, Zinc, Copper, Aluminum, Mercury & Nickel. Toxic in Sodium, Potassium, Cromium, Selenium, Lead, Cadmium & Arsenic. Finally, the unexplained symptoms I did not understand were explained when I read the information accompanying the areas where he was deficient and toxic

At the Vet's recommendation I switched him to a forage only diet, which means he had to be taken off all manufactured feed. All of them contain grains (barley, corn, oats, wheat), soy (inexpensive source of protein) and many have molasses. I read a warehouse of feed labels so I can say this with authority. Within 2 weeks he was no longer sore across his back, improvement #1. We started him on a chelation/detox Personal Supplement to rid his body of the toxins in his system. It is unknown how long the detox will take so he will be retested annually until he tests within normal range.

We had another horse on the property so had her hair tested too. We needed to know if his environment was contributing to his imbalance. It was not, our water and soil were clean. She had none of the heavy metal toxicity Ace had but was deficient in the same areas. The Vet attributed that to the food they were being fed (soy is known to cause the body to excrete many important nutrients before the body can absorb them), hence the switch to a forage only diet. We retested Ace Oct 2016 & Oct 2017. The values improved in 2016 and all were within normal limits in 2017, with the exception of potassium, it was still about double what it should be. We were thrilled all the heavy metals were in the acceptable range, although lead was at the top of the range at 98%. I continued to give him the Personal Supplement/detox for another 90 days until Feb 2018.

On August 3rd we received Ace's July 2018 retest results and are saddened to learn he needs to go back on the detox because he is again toxic in Calcium, Magnesium, Sodium, Potassium, Lead and Cadmium. The Lead & Cadmium really concern me, toxicity of these metals can affect the proper function of muscles, bones/bone density, brain, kidneys & endrocrine system. We must get him healthy.

I love our big red and white horse, he is SO MUCH fun to ride when he feels good. Some of you have seen firsthand just how fractious he can be when he is not feeling good. I apologize to anyone we may have frightened with his temper tantrums and I thank those of you who tried to help me get him through them. Getting him healthy has been a journey we didn't plan, but one to which I am committed.

One other bit of good news; I've been prepping Ace to learn flying lead changes. I've ridden horses someone else trained to do them but I have personally never trained a horse myself. On Fri Aug 3rd my good friend and trainer John Dalziel, who rode, competed and trained horses for HRH Queen Elizabeth II, worked with us toward this goal. After our preparation Ace did do one flying change, so that means I queued him properly. We missed a 2nd try but he did change a couple strides later. This may sound like a small thing and a bit late in his life to be teaching him, but I've learned to appreciate our victories where and when we get them.

Thanks for reading, I wish health and happiness for you and your horses. Hope to see you soon at another SOCA Challenge, Schooling Day and I hope in the not too distant future, an EXCA race.

2018 High Points

In 2018 SOCA will award high point <u>obstacle</u> <u>challenge</u> winners in the following divisions: Novice, Youth, Intermediate and Open Elite. Points from each of the 2018 SOCA Obstacle Challenges will be totaled and the horse/rider team with the most points will be the high point champion. Based on the feedback from members, the high point award will be custom SOCA buckles. Ribbons will be awarded to 6th place for high point.

Regional Championship buckles for the Extreme Cowboy Races will be determined by points accumulated <u>at SOCA events only</u>. The horse/rider teams accumulating the most points at each <u>designated</u> SOCA EXCA race (with the triple points at the Nationals in June and Regional Championship races in September and double points for all State Championships) will be awarded the high point buckle in the following divisions: Pro, Non-Pro, Ride Smart, Novice, Green Horse, Intermediate, Youth and Young Guns.

To be eligible for high point buckles, SOCA members must have attended all challenges or races.

> SOCA dues (\$10) are due January 1st! Please renew at your first event of the year. Dues help fund the highpoint awards and administrative costs of the club.

Purpose of SOCA
